

REMARKS

This paper is responsive to the Office Action mailed on October 9, 2007, requiring restriction to one set of claims to pursue in the above-identified application.

The Examiner states in the Office Action that this application contains claims directed to the following patentably distinct inventions: Group I, including claims 1-12, drawn to an infuser system; Group II, including claims 13-26, drawn to a method of administering medications; and Group III, including claim 27, drawn to a method of aspirating or sampling venous blood.

In response, Applicant hereby elects the claims of Group II without traverse.

In this response, the claims have been amended. In particular, claims 1-12 have been cancelled. It is submitted that the amendments made to this application include no new matter. Thus, it is respectfully requested that the amendment be entered.

Conclusion

No fee is believed due. Any deficiencies or credits necessary to complete this communication should be applied to Deposit Account No. 23-3000.

The Examiner is invited to contact the undersigned attorney with any questions or remaining issues.

Respectfully submitted,
WOOD, HERRON & EVANS, L.L.P.
